

US Army Corps of Engineers – St. Paul District

The US Army Corps of Engineers – St. Paul District serves the American public in the areas of environmental enhancement, navigation, flood risk reduction, water and wetlands regulation, recreational opportunities and disaster response. The St. Paul District operates 49 recreation areas throughout the region, ranging from Jay's Lake, Millstone and Bad Axe landings along the Mississippi River in Pools 9 and 10, to full-service campgrounds at Eau Galle Recreation Area and Blackhawk Park in Wisconsin, campgrounds in the Mississippi River Headwaters area in central Minnesota and Lake Ashtabula in eastern North Dakota. The District also provides Engineering support as well as support to FEMA. Find us at <http://www.mvp.usace.army.mil>
