CAPABILITY STATEMENT

COMPANY DATA

Therma-Stor LLC has been a leading US manufacturer of commercial grade, high capacity dehumidifiers for almost 40 years. Our innovative technology has been used to create the most energy efficient equipment on the market today. Our family of brands includes *Phoenix, Santa Fe, Ultra-Aire, Therma-Stor, and Quest*. We are dedicated to providing the right solution for any climate control or humidity problem.

CORE COMPETENCIES

Our strength comes from our technical capacity to engineer and manufacture the highest quality products here in the US including:

- + **UL** and **CA** compliant, **ENERGY STAR** rated refrigerant dehumidifiers
- + **UL** and **CA** compliant desiccant dehumidifiers
- + **UL** and **NEC** compliant electrical heaters
- + **UL** and **CA** compliant air movers

PAST PERFORMANCE

Our equipment has successfully been used to address moisture challenges for the following federal agencies:

- Department of the Air Force
- Department of the Army
- US Coast Guard
- Department of Veterans Affairs
- Federal Prison System
- US Special Operations Command
- Maritime Administration

DIFFERENTIATORS

We provide more than just a product. Our success is created by the value we deliver to our customers in the following areas:

- + **Training & Support**
 Our team is available to help with any technical question or training request to ensure ongoing satisfaction.
- + **Warranty & Reliability**
 We stand behind our products 100%, which is why we offer one of the best 5 year warranties in the industry. Our customers can trust their assets are protected.
- + **Product Availability**
 We are experienced in quick response manufacturing and build-to-stock all products in Madison, WI to ensure customers receive product on time.
- + **Industry Experience**
 Our experience in developing climate control solutions that work in various applications, across industries, demonstrates our ability to meet the needs of federal agencies as well.
