

## **U.S. Army Corps of Engineers (USACE) Rock Island District**

---

**Brief Description of Organization:** The U.S. Army Corps of Engineers Rock Island District administers federal water resource programs in a 78,000 square-mile area encompassing the eastern two-thirds of Iowa, the northern half of Illinois, portions of southern Wisconsin and Minnesota, and the northeast corner of Missouri. This area includes 314 miles of the Mississippi River, 268 miles of the Illinois Waterway and their tributaries, and 197,000 acres of federal land.

For 150 years, the Rock Island District has served to provide civil works programs to the Midwest, the Mississippi River Valley and the nation. It stands ready to deliver vital engineering and water resource solutions in collaboration with our partners to secure our Nation, reduce disaster risk and enhance quality of life, providing value to the region and nation.

**Our missions include:**

- Navigation
- Flood Risk Management
- Regulatory
- Environmental Services
- Emergency Management
- Recreation
- Water Supply
- Hydropower
- Support for Others
- Military Programs

**Website:** <http://www.mvr.usace.army.mil/Business-With-Us/Small-Business/>
