

BUSINESS OVERVIEW

Spacesaver Corporation is reimagining and redefining storage. As our clients need to store fewer paper files and more materials and supplies, our Wisconsin-based teams of engineers, project managers, and skilled manufacturers are working with our extensive distribution network to provide reliable, well-designed systems that optimize space and streamline work flows in a variety of work environments.

- High-density storage systems improve efficiency and increase storage capacity within the same footprint.
- Weapons racks designed and developed with the U.S. military keep weapons secure in garrison and during transport.
- Heavy-duty Personal Storage Lockers and Tactical Readiness Lockers keep gear organized and secure.

DIFFERENTIATORS

- Extensive collaboration with government and military personnel has fostered unique understanding of this market
- Nearly 50 years of experience working with libraries, museums, police departments, and industrial clients
- Custom manufacturing capabilities
- Industry leader in high-density storage
- Extensive distribution network throughout the U.S., Canada, and Mexico
- 300,000 sq. foot engineering and manufacturing facility in Fort Atkinson, Wisconsin

PROVEN SUCCESS

Rutherford County Courthouse

Location: Murfreesboro, TN, Completed date: 2018

Contract: Sourcewell (Formerly NJPA)

Spacesaver helped staff save space, preserve authorized access to confidential files, and promote security by integrating locking tambour doors with Spacesaver high-density shelving.

Lake County Sheriff's Department

Location: Waukegan, IL, Completed date: 2017

Contract: Omnia Partners/National IPA

From initial evidence intake to long-term storage, Spacesaver solutions help secure the chain of custody at this off-site evidence storage facility.

Columbia River Maritime Museum

Location: Astoria, OR, Completed date: 2016

Contract: Sourcewell (Formerly NJPA)

This museum planned for future growth by installing a Spacesaver high-density storage system that was designed to accommodate much taller shelving than the shelving currently installed. Taller shelving can be installed later to take full advantage of the vertical space.

DeKalb Public Library

Location: DeKalb, IL, Completed date: 2015

Contract: (Sourcewell Formerly NJPA)

Shelving solutions included A-frame media display shelving, browsing bins, standard cantilever shelving, and extra-wide shelving for the local history room. The new children's area features multiple rows of child-height browsing bins.
